Hi, my name is Skylar Cain, I am 15 years old and I am a Sophomore at Daviess County High School. I wrote this song called "Fighter" when I found out that my cousin, Tammy Belcher, who is really close to our family, was diagnosed with Metastatic Breast Cancer Stage 4. Stage 4 means incurable. Incurable is different than terminal. So, Tammy has cancer that doctors can treat, but it will always come back. One day it will most likely take her life. She once told me that she lives in fear and uncertainty, - "I live scan to scan". That means- each PET scan (which is the x-ray they take of her whole body to see if any cancer is active). Tammy is a very beautiful, strong, young, mother of three and a great inspiration to me. I hope I make her proud with this song.
